

Suggested Policies for the Oklahoma Area Electronic Meetings

1. Each group will be autonomous in determining how the Group Representative will attend district meetings.
2. Group Representative, Alternate GR, and current mailing address (CMA) of an electronic meeting must reside in the Oklahoma Area.
3. District Representatives, Alternate DR, Officers and Coordinators (voting members) of an electronic meeting must reside in the Oklahoma Area.
4. All groups should make every effort to abide by Tradition Seven.
5. Existing Registered Groups:
 - Groups registered with both in-person and electronic components may keep their original registration and include the physical and electronic address in the listing.
 - Groups that are temporarily meeting online and decide to remain as electronic meetings are already registered and may remain connected to their current District.
 - Online groups that have separated from their in person meeting will register as a new electronic meeting and will automatically be connected to the Oklahoma Area. They can remain with their current District, if that District agrees to have electronic meetings.
 - Only those groups that are currently part of the GEA (Global Electronic Area) and wish to join the Oklahoma Area will have to petition to join.

Oklahoma Procedure for changing established or existing groups or districts to a new Area.

This policy applies to both geographic groups and Electronic Groups.

1. The Oklahoma Delegate will be responsible for coordinating with the Delegate from the contiguous Area involved in the change.
2. The Delegate will bring all petitions for change to AWSC and then submit to the Area Assembly for a simple majority vote.
3. The Delegate is responsible for coordinating with the World Service Office on obtaining proper change forms and paperwork from both Areas involved in the change and submitting form(s) to WSO.

4. When WSO notifies the Alternate Delegate/Groups records Person that the change is complete the Geographic or Electronic groups will be assigned to a district according to the current Oklahoma District boundaries.
